My dear Mrs. Manley,

I contacted Butts Brown after I talked to you on the phone this afternoon and received some fine data from him on the coming Negro World Series. I'll furnish the same to all the sports announcers Associated Press for use on their teletype and aid the New York papers to publicize the same. Have a date to call Mr. Brown Friday for more data. Will stop in to see you on Monday afternoon. Good luck to the Eagles.

Sportingly,
